

Zambroza

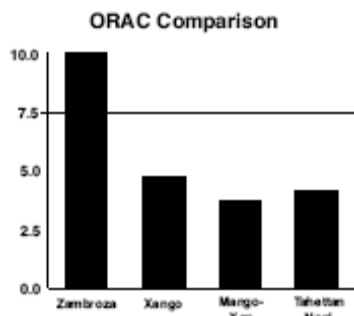

This all natural, safe, powerful product is one delicious, nutritious juice!

Zambroza is a proprietary blend of 11 eleven fruits and herbs from around the world scientifically chosen for their ability to invigorate the body and provide youthful energy, health and vitality.

Zambroza enhances the immune system and promotes overall health. It contains ingredients rich in bioflavonoids and antioxidants and one of the 11 key ingredients is mangosteen, a fruit found in eastern tropical countries. Delivers exceptional levels of free radical protection with its high oxygen radical absorbance capacity (ORAC), a measure of a product's antioxidant strength).

Did you know?

It also contains the greatest known supply of compounds called xanthenes, which offer powerful immune, cardiovascular, structural, digestive & brain support.

Independent labs found that Zambroza has more than 3x the antioxidant potential of its closest competitor.

According to the National Centre for Natural Product Research, UoM,

measuring the ability to increase the immune system response, Zambroza out performed the competitors by 300%.

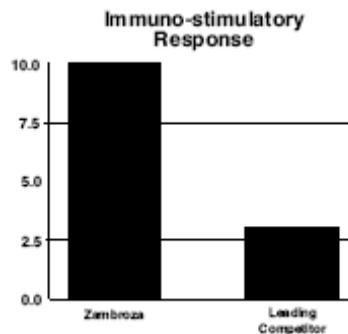

Features and Benefits

- **Renews Cells**
